HOW TO HARDEN-OFF YOUR FLOWER EXHIBIT

If a flower is to remain fresh throughout the exhibit period, it should be cut no later than the late afternoon or early evening of the day before it is to be exhibited. This is when the greatest amount of sugar has ascended into the leaves and blooms - and a "hardening off" process will help insure a winning entry. Some flowers, such as Dahlias and Poppies need to have the cut tips seared over an open flame.

Flower stems should be cut cleanly at an angle with a sharp knife or pruning shears and plunged into deep, hot water - 110°F is ideal. Carry a bucket of water when you cut the flowers and place each specimen in the water at once.

Following the cutting and hot water treatment, specimens should be placed in a cool, darkened room. After several hours when the water has come to room temperature, add ice to the water and leave undisturbed overnight. Flowers prepared

Round Robin 2023

All Senior Champions and Reserve Champions will be invited to participate in the Round Robin Showmanship Contest. Please see the schedule for time and dates. There will be a \$300 cash prize for the Round Robin Champion, as well as a belt buckle, courtesy of Pat Sheehan for Large Animal, and Small Animal Champion courtesy of Anna Helm. The contest will be divided as follows:

Large Animal - Beef, Sheep, Swine, Horse(TBD),
Market Goat, and Dairy Goat

Small Animal - Cat, Dog, Poultry, and Rabbit

The judges will use a numerical scoring system to grade each individual showman in each species, with the winner determined by the total score over all species. Grooming, fitting, and/or clipping of your own animal (40%), showmanship ability across multiple species (50%), and personal appearance (10%) will be the factors scored.

Superintendents of the various species will select animals to be used in the contest with all showmen showing the same species in the ring at the same time. Contestants are expected to prepare and present the animal they originally exhibited in their respective showmanship classes. However, the judges reserve the right to rotate animals shown by exhibitors to help even out differences between animals and more thoroughly evaluate showmanship technique.

All animals assigned a stall in one of the barns must be on the grounds for the entire week unless you do not make weight and then you will be excused to go home.

Grand Marshal 2023

Cheryl Munroe

When asked to be the Grand Marshall for the Carbon County Wyoming Fair and Rodeo, I was pleased and honored. Agriculture and Career and Technical Education has been part of my life for many years. I was born in Riverton, Wyoming on a small farm and attended Arapahoe School first to eighth grade and then Riverton School ninth to senior. I was a longtime member of the Arapahoe 8 ½ 4-H Club and Junior Leader. Every year we did a tour of the club member's projects and ended with a club picnic or rodeo. These were memorable times for all families. By taking a variety of projects such as horses, beef, dairy, nutrition, textile arts, culinary arts and demonstrations, I experienced a wide venue to seek out my future goals. These projects provided me with foundation, knowledge, and skills for my career as a Family and Consumer Sciences Educator. I am a strong supporter of 4-H and FFA. I served as a 4-H leader and worked in the Wind River Reservation Extension and Fremont County Extension offices between years of college. I attended Casper College, Central Wyoming College and the University of Wyoming. I taught for ten years at Fort Washakie School before moving in 1982 to Encampment to teach. This has been a very rewarding change in my life. Here I met and married Montie Munroe blending his three girls (Cathy, Monica and Melissa) with my son (Lisle). Our children have been part of the Carbon County Fair showing horses, cattle, sheep, shooting sports. Two of our daughters served as the Carbon County Queens. Now our next generation of grandchildren are part of the Carbon County Fair. At first, we raised cattle and sheep but since our children grew up and moved on in their lives, we just kept the cattle. Our cow/calf operation is still going to this day and I raise paint horses for fun. I taught in the Carbon County School District # 2 for 38 years. During this time, I have supported Carbon County youth with a variety of projects and activities. While teaching, the Family and Consumer classroom was open for everyone to use. One night a week the room was available to community members. Because I no longer have access to the classroom, my home is used for members needing assistance with their projects. Cheryl's "Sewing Shack" is well equipped and the kitchen serve as classroom settings. My husband Montie passed away in 2018. I have since retired from teaching and am now working the ranch with my son, Lisle. I serve on several community clubs and volunteer when needed. The Munroe X7 Ranch is known for great meals, friendly chats and an open door.

CARBON COUNTY HEIFER PROJECT

This project is open to any boy or girl who has passed their 13th birthday but not passed their 17th birthday by January 1 current year of fair. They must have been enrolled in and completed a 4-H or FFA beef, sheep, swine, goat or horse project prior to application.

1. **Recipients of calves must show them and their offspring at the current year's fair and the following year's fair. Calves must** be fed and shown as a breeding beef project. Feeding will be under the direction of the 4H Extension Educator, FFA Instructor, a Fair Board member and other persons as the board see fit. Should they decide at any time that a member is not taking proper care of, or feeding the calf correctly, they reserve the right to return the calf to the sponsors. No feed or other expense will be returned to the member if the calf is returned to the sponsors. Unforeseen problems not the fault of the member will be given consideration.
2. Reports on the progress of the calf must be sent to the Fair Board, P.O. Box 1414, Rawlins, WY 82301 with a stamped envelope addressed to their sponsor to be forwarded by the fair office during the project years. These letters should be sent each month.
3. All heifers and record books are due at the fairgrounds at 12 PM on Wednesday of fair week.
4. Members must enroll in a breeding beef project (in either 4-H or FFA) if they receive a calf in this program.
5. Entries for this project (both cow and calf) should be made under the proper classes in the breeding show.
6. Project animals must remain in Carbon County in the full care of the member awarded the animal.
7. Winners will be announced at the beginning of the heifer show on Thursday afternoon.

*THE CARBON COUNTY 4-H FOUNDATION WOULD LIKE TO REMEMBER
THESE PAST MEMBERS OF OUR 4-H FAMILY AS WE GATHER THIS
WEEK AND CELEBRATE ALL OUR 4-H MEMBERS' AND VOLUNTEERS'
HARD WORK AND DEDICATION!*

Christine Lee Cobb Stocks 1957-2022

Christy was born March 22, 1957 in Craig, Colorado to Tom and Rusena Cobb. Christy married her high school sweetheart, Robert (Bob) Stocks, on March 4, 1978. They made their home in Savery. Christy and Bob had three children, Bo, Kody and Stacy and nine grandchildren.

Christy served as the superintendent for 4-H Fabric and Fashion at the County Fair for many years and was a great sewing leader for members in the Savery Savers 4-H Club. She was an official project leader from 1989-2021! Christy ran the LSRV Higher Education Center, which was a great partner to 4-H during her tenure. She is greatly missed!

Carl Kerbs (1929-2023)

Carl was born May 7, 1929 in Great Bend Kansas, the third child of Fritz and Ethel Kerbs. He met his wife, Nadene Chedsey, in North Park and they married in 1948. Through their years as 4-H leaders and traveling to stock shows, county and state fairs, and livestock judgings they acquired a great circle of friends. Carl was an official livestock project leader from 1963-1975 and mentored and assisted many youth after that.
